Purpose

The Victorian Curriculum is the Foundation to Year 10 curriculum for Victorian government and Catholic schools for implementation from 2017. The Victorian Curriculum reflects Victorian priorities and standards for F–10 and incorporates the Australian Curriculum. It defines what it is that all students have the opportunity to learn as a result of their schooling, set out as a series of learning progressions. See <https://www.vcaa.vic.edu.au/curriculum/foundation-10/Pages/default.aspx>.

The Victorian Curriculum F–10 recognises that increasingly, in a world where knowledge itself is constantly growing and evolving, students need to develop, in addition to discrete discipline knowledge and understanding, a set of skills, behaviours and dispositions, or general capabilities, that apply across discipline content and equip them to be lifelong learners able to operate with confidence in a complex, information-rich, globalised world.

The St Gregory the Great Catholic Primary School Curriculum Plan has been developed in light of the directions for Catholic education and principles of curriculum from the *Horizons of Hope* education framework: Catholic schools provide an excellent holistic education centred on the students and engaging them in authentic, purposeful learning; and incorporating the philosophy of the Victorian Curriculum F–10 and the Religious Education Curriculum Framework.

The curriculum is a statement of the purpose of schooling and defines what it is that all students have the opportunity to learn as a result of their schooling.

Principles

At St Gregory the Great Catholic Primary School:

- the learning environment is supportive and productive;
- The learning environment promotes independence, interdependence and self-motivation;
- Students' needs, backgrounds, perspectives and interests are reflected in the learning program;
- Students are challenged and supported to develop deep levels of thinking and application;
- Assessment practices are an integral part of teaching and learning;
- Learning connects strongly with communities and practice beyond the classroom

Scope

Our school curriculum defines what it is that all students have the opportunity to learn as a result of their schooling at St Gregory the Great Catholic Primary School.

At St Gregory the Great Catholic Primary School, curriculum is enriched by the values, beliefs, perspectives and experiences of each member of the learning community when they engage actively with Catholic understandings of the human person. This orientation towards the person means that the

process of curriculum design is shared with students, creating within them a sense of ownership and self-efficacy as learners. Our learning community fosters the conditions for students to have a voice in the design process, allowing them to make decisions about what they need to know and when.

Implementation

St Gregory the Great Catholic Primary School will implement the curriculum by:

- St Gregory the Great Catholic Primary is committed to the successful implementation of each of the Victorian Curriculum F-10 learning areas from Foundation to Year 6
- The school will maintain a consistent approach across all levels in the planning and the teaching of the content of the Victorian Curriculum
- The school community will be informed of curriculum direction and implementation across the school via the Annual Report to the Community
- The Learning and Teaching Coordinator will lead the staff in the development and implementation of the Victorian Curriculum from Foundation to Year 6
- In doing so, all systemic timelines and reporting requirements will be met
- Whole school professional development opportunities will be provided, as well as personal professional development plans developed that cater for the Victorian Curriculum understanding and implementation needs of each staff member
- All teachers are required to work with their levels and at Professional Learning Team meetings to contribute to the development and implementation of guaranteed and viable Victorian Curriculum based subjects for all students and to implement student needs based lessons using agreed planning templates, assessment tools and lesson structures
- Student achievement will be measured and reported to students, parents and the wider community against the Victorian Curriculum achievement standards, in each of the learning areas
- All staff will participate in the collection of student achievement data and all staff will have input into school decisions resulting from interpretations of student achievement data
- Ongoing auditing will take place to ensure the knowledge, skills and dispositions of the Victorian Curriculum are being delivered

The curriculum is designed and delivered from whole-school to level planning to individual teacher plans. These are created in a collaborative and supported environment. This ensures that a guaranteed and viable curriculum is driving student learning and lifting student outcomes.

Curriculum content

The school implements the Victorian Curriculum in order to provide students with a comprehensive and cumulative curriculum from Foundation to Year 10.

The school's teaching and learning program is the school-based plan for delivering this common set of knowledge and skills in ways that best utilise local resources, expertise and contexts. Information

technology is an integral part of our curriculum as a basic tool for learning. Supported by our governing body, St Gregory the Great Catholic Primary School will develop strong processes for monitoring student progress and the application of appropriate explicit teaching and intervention strategies.

St Gregory the Great Catholic Primary School will also take inspiration from the *Horizons of Hope* education framework. This framework supports Catholic school communities to engage in dialogue about the distinctive nature of learning and teaching, leading learning and enhancing Catholic identity in our schools. The framework is a living document that has been added to over the years with examples of practice from schools, as well as additional strategy statements in the areas of Leadership, Wellbeing, Diversity and Religious Education.

Religious Education has a central place in the curriculum at St Gregory the Great Catholic Primary School, as it reflects our unique character of Catholic identity and focus as a Catholic school. The primary source for developing our Religious Education program is the Religious Education Curriculum Framework, developed by our governing body MACS.
